Phoenix, Arizona

3BR | 3.5BA | 5,495 SQ FT

\$3,390,000 | Private Inventory

Breathtaking panoramic city-light and Mountain Preserve views! This extraordinary one-of-a-kind contemporary design features a great room and open kitchen with soaring 30 foot ceilings, 24 inch limestone flooring, and walls of glass opening to the extensive patio, pool and spa areas with spectacular Valley views. The chef's kitchen features high-end appliances and views. The master suite offers sitting/tv room with an open gas fireplace shared with the bedroom, a luxurious bath with steam shower, and a second view deck. The home also offers a fully-equipped media room, Crestron home automation, electric shades throughout, and a separate guest house with its own living room or 4th bedroom. Ultra-efficient solar panels blend seamlessly with the metal roof and provide enough electricity to nearly eliminate your monthly power bill.
